

JUDGES GIVEN RAISE IN WAGES

Bill Passed Increasing Salaries of Judges of Supreme and Circuit Courts.

PORTAGE COUNTY LOAN

Cities of Fourth Class May Acquire Electric Light Plants.

THE RAILWAY TAXATION BILLS

Madison, Wis., March 5.—Twenty-two petitions for and four against the primary election bill were submitted to the legislature today. The senate concurred in the bill requiring time checks given in payment of wages to be made negotiable, and passed the bill increasing the salaries of supreme court judges to \$6,000 and circuit judges to \$4,000 with \$400 expense money.

The bill authorizing a loan of \$80,000 to Portage county from the trust funds was also concurred in by the senate.

The bill authorizing cities of the third and fourth classes to acquire electric lighting plants passed the senate.

This afternoon the first hearing on the railway taxation bills, which proposes an increase of about \$700,000 was held. Representatives of all the leading roads in the state were present to argue against the bill.

BILLS MUST BE CUT HEAVILY.

Appropriations Asked for Exceed the Revenue of the State.

Madison, Wis., March 5.—If all the appropriations for various purposes now asked from the legislature and the regular standing appropriations are allowed, the revenues of the state will fall short of the appropriations to the sum of \$1,769,698.

This information is contained in a report made last evening to the senate by Senator Mills, chairman of the committee on claims. The report shows that he total of the standing appropriations for the next two years will be \$5,760,552.

The revenues of the state for the next two years are estimated at \$7,658,364, or \$1,769,698 short of the appropriations asked. The various appropriations asked include the \$300,000 appropriated two years ago but for which there was no money in the treasury.

Delay in Primary Bill.

The report on the primary election bill which the assembly committee on privileges and elections was expected to make early this week is not likely to come into the lower house until early next week. It may be made the later part of this week, but there does not seem to be any chance for the bill being discussed on the floor of the assembly this week, as was generally expected. In fact the supporters of the measure are not now in a hurry to report the measure.

The Legislature Last Night.

After passing four assembly bills and concurring in nine senate bills last evening the assembly adjourned leaving a large unfinished calendar.

The senate had a large calendar when it met but after passing four senate bills and ordering two assembly bills to the third reading, the senate laid the rest of the calendar, containing fourteen bills over till today.

GILMAN, THE TEA MERCHANT DEAD

New York Business Man Noted for His Wealth and Eccentricities.

Passes Away.

New York, March 5.—George Francis Gilman of the Great Atlantic and Pacific tea stores throughout the United States died suddenly at his residence in Black Rock, near Bridgeport, Conn., from an acute attack of Bright's disease at three o'clock this morning.

He was 75 years of age and is reported to be worth \$30,000,000. Mr. Gilman had been ill only few days and had refused to have any physician. He prided himself on his good health, and he had an inordinate aversion to sickness and death.

Mr. Gilman was born in Waterville, Me., 1826. His wife died six years ago and his nearest surviving relatives are a brother and a nephew in this city. He was a most eccentric character and the wealthiest resident and most lavish entertainer in Fairfield county.

Many noted New Yorkers will re-

member him as an entertainer and his handsome residence in Black Rock reveals some of his characteristics. There are no bells or knockers at any of its entrances. There are no clocks in the house for time was nothing to Mr. Gilman.

His aversion to the subject of death was so pronounced that he refused positively to talk or read about it. If he met a funeral on his drives about the country he would turn out so as not to pass it. He would not ride on a train on which there was a coffin.

It is presumed that his death will not interrupt the system of tea stores throughout the country. One of his business methods was that each one of his 285 stores was to send him a \$1 bill each day.

Two Killed at a Crossing.

Columbus, O., March 5.—The Baltimore & Ohio passenger train due here from the west at midnight struck a buggy near Washington Courthouse, O., and instantly killed Maggie Lowe and Elmer Glin. They were driving across the tracks and did not hear the train approaching.

GEORGE D. FIELD DIED IN ARIZONA

Well Known Rock County Man Dies of Consumption—Interment at Beloit Friday Afternoon.

George D. Field, lately of Chicago suddenly died at Phoenix, Ariz., Sunday morning at four o'clock. His death was due to tuberculosis, with which he had been troubled for two years past. He had been in Arizona since December, and it was not until last Tuesday that his condition became serious.

Mr. Field was born at Beloit, Wis., fifty-two years ago, his father being Spofford Field, a capitalist, who had large mining and railroad interests. He spent his youth at Beloit and was graduated from Beloit college. He went to California with his father to look after mining property and married the daughter of an old and well-known Spanish family of that state. His wife died a few years ago. His only child, George B. Field, 24 years old, survives him.

The body accompanied by the relatives will arrive from Phoenix Thursday. The funeral will be held at Beloit Friday afternoon.

He Was Unanimously Renominated by the Chicago Democrats in Convention Today.

Chicago, March 5.—The democratic city convention today unanimously re-

CARTER HENRY HARRISON.

nominated Carter Harrison as mayor for a third term.

State Official to Be Tried.

Lansing, Mich., March 5.—Judge Weist exploded a bomb at the opening of the March term of the Circuit court by announcing that the cases against state officials indicted last year for alleged bribery and padding of pay rolls must be disposed of this term. It had been supposed the failure of the legislature to reimburse Ingham county for the expense of the trials of Gens. White and Marsh and Col. Sutton would end all this litigation.

GERMANIA WANTS NO DICTATOR; PRIMARY BILL IS REVOLUTIONARY

Leading German Paper in Wisconsin Warns the Conservative Element Against the Bill—Party Is Not Pledged to It.

Milwaukee, March 5.—The Germania last night published a vigorous protest against the passage of the La Follette-Stevens primary election law. It says in part:

"The Stevens primary election bill cannot and must not become a law in the form in which it is brought before the legislature for two reasons. In the first place it is much too radical, in many respects even revolutionary, to be suddenly cast upon the people, and furthermore, it constitutes in its present form only the measure of an individual who believes that he is in a position to assume dictatorship."

"To remonstrate against dictatorship is in a republican commonwealth the first duty of a citizen. It is true as Governor La Follette and his friends claim that the republican state convention last summer recommended, or even demanded, the passing of a primary election bill, and we are truly the last ones who would advocate the breaking of a promise by a party that has given it. But the party did not pledge itself to pass a certain bill in its entirety, without change or amendment."

"It is quite true also that the governor in his speeches during the last campaign emphasized the necessity of a change in our present election system and that he was elected by a large majority. But we must not forget that a presidential election took place at the same time and that Mr. La Follette received fewer votes than the presidential candidate, and secondly, that there is no proof that the people elected La Follette because he was riding his favorite hobby horse."

"Much less can it be asserted, or even proven that the people in giving La Follette over 100,000 majority expressed their preference for a measure which was created under the special direction of the governor long after the election; in other words, for the Stevens bill, with its well-known revolutionary features."

"But Mr. La Follette and his friends insist that this is the case. The counsels and warnings of well meaning people and faithful members of the party are not being heeded, and the strict order has been issued 'The bill must be passed in its present form; no jot must be changed.' Mr. La Follette is a man of great mental faculties, a man of decided energy and resolution. But he is also a young man and it seems he must yet learn that one cannot break through a stone wall with his head no matter how thick his skull. This he should have deduced from the happenings of the years 1890 and 1892."

ENTIRE CABINET RENOMINATED AND CONFIRMED BY THE SENATE

First Business Session of the Senate Under Vice President Roosevelt Developed a Fight—He Was Cheered by the Galleries.

Washington, March 5.—The president has re-nominated the entire cabinet, including Griggs attorney general who will remain in the office until April. In the executive session the senate immediately confirmed the cabinet appointments.

Great crowds of inaugural visitors thronged through the capitol today. As the house was not in session the senate wing was the chief point of attraction, great curiosity being manifested to see the vice president in action. It was considered remarkable that the first business session of the senate over which Roosevelt presided should have developed a fight of the majority and the minority.

Italian Actress Shot.

New York, March 5.—Because his affections were unrequited, Antonio shot and killed Mamie Magavara, aged sixteen years, an actress in an Italian theatre. Early this morning he met Mamie, her mother and baker Sorrentino returning from the theatre and immediately opened fire. He was arrested.

Hichborn, who has been chief of the bureau of construction and repair for the past eight years, and Pay Inspector H. G. Colby, one of the ranking officers of the pay corps.

MISS JACKMAN SURPRISED.

Guests to the Number of Fifteen Made Merry Last Evening.

Friends to the number of fifteen perpetrated a surprise party last evening on Miss Mabel Jackman at her East street home.

The surprise was complete in every detail. Games followed by dancing formed a most interesting program. A feature of the dance program was a cake walk the different couples being attired in fancy costume of the colonial day style. Culver's orchestra furnished the music which could not have been improved upon. At midnight a most elaborate repast was in order the tables and dining room being beautified by smilax and carnations. The function proved one long to be remembered.

Mr. Beecroft was born in Kent, England, in 1848, and came to this country about thirty years ago.

BRITISH RED TAPE AIDING THE BOERS

Defective System Blamed for Dewet's Escape—Commanders Are Not Allowed Enough Latitude.

Coltsberg, March 5.—The blame for General Dewet's escape is placed on the system rather than on the commanders pursuing him. It has been impossible to direct the operations by telegraph, and the feeling is that greater discretion should be allowed commanders in the field. General Dewet marched five miles a day faster than the swiftest British column. Although the Boers are now demoralized, it is believed they will quickly recover if they are allowed a few days' rest.

Report from Kitchener.

London, March 5.—The war office has received the following dispatch from General Kitchener:

"Dewet, who was moving toward Philippolis, was headed off by our troops, and is now marching to Pauresmith. Babbington has dug up a Krupp and pom-pom and some ammunition at Zandfontein. Dailimore, with fifteen Victorian rifles, captured thirty-three Boers and fifty horses at Seegow river. Dartnell has captured a Hittchess near Piet Reider. The enemy continue to surrender in that district. Fifty men, with their commanders, came in on Saturday."

W. E. King of Atlanta, Ga., who says he was formerly a lieutenant in the seventy-first regiment in the New York state national guard, while in Cuba, has just returned to London from South Africa after serving for more than a year as aid-de-camp to General Delarey, the Boer commander, whom he left Jan. 29. In the course of an interview today Mr. King said: "The British will never defeat the Boers. Rumors of surrender are absurd."

SAM MOSER GETS TWENTY-ONE YEARS

Murderer Confessed He Killed His Family on Account of Persecutions of the Amish Church.

Pekin, Ill., March 5.—Sam Moser, who confessed to the murder of his wife and three children was found guilty this morning and sentenced to twenty-one years. The case has otherwise been noted because of the alleged influence of the new Amish religious sect maintained over Moser's father and relatives, who refused to help the accused. The murderer also claims that he killed his family on account of the persecutions of the church, but all evidence on that point was ruled out by the court. The principal feature of Moser's allegations was being expelled because he showed affection for his children, which was against the rules of the church. The defense claimed that this drove him insane.

Amsterdam Greets the Queen.

Amsterdam, March 5.—Queen Wilhelmina and her consort made a triumphal entrance into the capitol today, the first since the honeymoon. The city was in gala attire and the people were enthusiastic.

REVELRY AT THE INAUGURAL BALL

Mr. and Mrs. Wm. McKinley Lead in the Grand March.

A BRILLIANT SUCCESS

Splendid Gowns Worn by the President's Wife and Mrs. Theo. Roosevelt.

NOTABLE EVENT IN EVERYWAY

Washington, D. C., March 5.—According to an almost immemorial custom, the inauguration of the president of the United States is always concluded by a ball, at which he appears nominally at least, as the leader of the dance. The affair last night was more brilliant probably than any of its predecessors.

In the great court of the pension building transformed into a fairyland of gold and green the president led and army of revelers in the promenade that was literally the grandest of all promenades.

A Spectacle of Beauty.

Followed by the statesmen of the nation in conventional black and white by the leaders of the army and navy and by diplomats from abroad in resplendent uniform, he was the center of a beautiful spectacle.

The entry of President McKinley and his party marked the beginning of the supreme hour of the ball. Just as the hands of the clock pointed to ten the music ceased and the thousand guests waited in expectancy.

Arrival of the President.

The president appeared with Mrs. McKinley on his arm. With him were vice president and Mrs. Roosevelt, Mr. and Mrs. Abner McKinley, Mrs. George Duncan of Canton, Miss Helen McKinley, Mrs. Hermann Baer, Miss Grace McKinley, Mrs. Barber of Canton, Judge and Mrs. William R. Day and Mr. and Mrs. George B. Freese of Canton.

Then the welcoming anthem pealed from the combined instruments of the orchestra and the band. To the right the diplomatic corps in their brilliant court uniforms with the ladies of their households, to the left General Miles and his staff and the officers of the navy formed complementary pictures of what might be termed a guard of honor.

Wife Shares Honors.

Flashing jewels reflected light on the floor and balconies and eyes sparkled brighter than the gems.

For Mrs. McKinley it was a proud moment and she showed her pleasure in her beaming countenance. She shared the honors with her husband, and the women envied her not only as the wife of the man on whom all honors were heaped but as the wearer of the most magnificent gown ever seen in Washington.

The gown was a triumph of American art. It was simple but elegant. Although made according to the dictates of the latest fashion. It was in every detail suitable to the delicate and spirituelle appearance of the wearer.

Mrs. McKinley's Gown.

The robe was of white duchesse satin, made with a full sweeping train, which was trimmed with two broad bands of lace. These started at the waist and disappeared in the soft drapery of satin, which formed a deep flounce around the train. This flounce described graceful lines in garlands as it were, caught up here and there with little bows of satin. A ruche made of gathered and tucked chiffon made a soft edge to the train, which was ruffled with narrow bias white taffeta, laced on the silk lining.

Between the bands of lace, down the front pane's of the skirt, the gown formed a petticoat effect, scalloped at the bottom with a row of white satin ribbon between each scallop. This petticoat was embroidered in Roman pearls and rhinestones in arabesque design with exquisite applique of rose point lace between the jeweled figures.

Collar of Lace.

The high-necked body was stitched in feather stitched seams. A deep collar of point lace came from the back crossed the shoulder, extended half way down the front on both sides, forming as it were a charming frame for the vest of plaited white chiffon. This was also overlaid with pearls, carrying out the design in the skirt. The belt of pearl embroidery was high in the back and narrowed into a small band of leaves in the front.

The sleeves were embroidered with pearls from the wrists, below which

THE LEAF MARKET.

A Summary Review of its Condition for Week Ending March 2.

Dead as a door nail. The whole history of the tobacco trade probably has no record of such stagnant growth as the February just passed. There is absolutely no life in the market, such transactions as are taking place being but drops in the water. This lethargic condition certainly cannot prevail much longer. As it is definitely settled now that the war tax of 60 cents will be taken off on July 1 cigar factories will now be bombarded with bigger orders than ever before. The war tax was borne by the manufacturers exclusively; the jobber did not pay the advance. But the war revenue reduction bill provides a reduction of 60 cents on all stocks of cigars other than those in the manufacturers' hands and the jobbers and retailers will thus be enabled to make an extra sixty cents on a thousand cigars. This provision will undoubtedly prove an incentive to fill up and manufacturers who must anyhow be high denuded of stock will have to hustle to replenish it. That's the only consolation in the dreary condition of today—U. S. Tobacco Journal.

AMUSEMENT NOTES

The advance sale of seats for a "Poor Relation" opens at the opera house tomorrow morning at nine o'clock. The show takes place on Friday night. A well-known and recognized attraction of this calibre should draw a house limited to its utmost seating capacity. Manager Myers has with no little difficulty secured this famous play, with its complete

scenic production and its coterie of players.

One of the gowns which Miss Maud Durbin wears in the coming production of "Prince Otto" is said to be wonderfully effective. It is in the salmon tints of pink, a mixture of satin and brocade, cut in the quaint fashion of 1890, with huge puffs upon the shoulders and a big baah. The only concession which has been made to the prevailing fashions of the period is that the dress is cut with a long train. In fact all of the dresses which are worn by the ladies in Mr. Skinners' company are said to be both elaborate as is the production in its entirety. In the role of "Princess Seraphina," Miss Durbin is said to do some very clever acting.

RECEPTION AT THE DOUGLAS SCHOOL

Parents Respond to the Invitations and Manifest a Great Spirit of Interest.

The reception held at the Douglas school on Saturday evening was a decided success in a social way and, what is of greater value, it very evidently secured the interest of the parents in the work which is being done by their children. Many parents never see the interior of the building where their little ones spend the most of their time and never meet in a personal way the teachers to whom the training of their children is largely intrusted.

The four teachers of the Douglas school, Misses Minnie Joyce, Ida Smith, Kittle Enright and Alice Shearer were the hostesses Saturday evening and were very much pleased with the manner in which the people responded to their invitations and the spirit of interest which was manifested by the guests. All of the written work and the art work which has been done by the pupils this year was on exhibition and the guests examined it very carefully.

The work on exhibition showed fairly the ability of each pupil in as much as the teachers did not know that it was being saved for exhibition purposes. The entire affair was one of Prof. Mayne's progressive plans all of which tend toward the uplifting of school methods and the broadening of its influence. Similar receptions will probably be given in the other grade schools.

Socially the Douglass school recep-

ASK YOUR NEIGHBOR

Hundreds of Janesville Citizens Can Tell You All About It.

Home endorsement, the public expression of Janesville people, should be evidence beyond dispute for every Janesville reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far away places.

Read the following:

Mrs. S. L. Belden of 614 S. River St. says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the People's Drug Co's store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

For sale by all dealers. Price, 60 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Also on sale at King's Pharmacy.

Remember the name Doan's and take no other.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, rest.

Take care of yourself. Your already weakened nerves want rest, and must have it. If the attack is severe go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause. Eat sparingly. Your digestive organs are in no condition to take care of the large quantities of food. Drink plenty of pure cold water. It lays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nerve per day, and if you cannot sleep take an extra dose at bed time. To overcome the fever and to overcome the peculiar aches and pains of the grip, use Dr. Miles' Pain Pills. They act quickly and effectually, and no bad effects result from their use. These remedies have been thoroughly tested more than a million times, and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store, and they are sold on a positive guarantee that the first bottle or package benefits or money refunded.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.
To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

MILD OBSTRUCTIONISTS.
Among the men who have lived too long in public life for their own and the public good, is the veteran senator from Massachusetts. He has been an obstructionist to the present administration and all the more troublesome because of his age and experience in the senate. His latest vagary was sprung during the closing hours of congress in the shape of an amendment to the Spooner amendment, relating to the Philippines. The Spooner bill had been thoroughly discussed, was satisfactory, and would have passed without serious opposition, but the doughty Senator Hoar discovered a "nigger" in the wood pile, and introduced an amendment which provides that no sale or lease or other disposition of the public lands, the timber thereon or the mining rights therein, shall be made until the establishment of permanent civil government.

This leaves the natives as squatters on land to which they are entitled to title, and will result in no end of confusion and injustice. There was no time for discussion, and it was simply a question of whether the whole measure was killed or the objectionable amendment permitted to stand. The latter was considered the less of two evils, and so the Hoar amendment became a part of the law. About the first hard work of the next congress will be to remedy the evil caused by the old gentleman's erratic notion.

The settlement of the Philippine question is of grave importance and the administration is entitled to the most cordial support on the part of men who are elected to support it. Senator Hoar's act, like many others that he has advocated of late, partakes of the revolutionary spirit, and savors so strongly of disloyalty that he merits the public censure invited. It may be ten years before a civil government can be established in the distant islands, and American protection and guidance will more than likely be necessary for a much longer period. In the meantime everything should be done to gain the confidence of the natives, and encourage them to become self supporting and self respecting citizens.

Senator Hoar or any other official of his disposition, might better be at home, nursing his grievance, than to be in Washington airing it at the expense of an administration that is entitled to better treatment, from men that are supposed to be its friends.

DO WE OR DO WE NOT?

That is the question that is being asked just now about a sewerage system for the city. There is no question about what the city needs in this direction. You can't find a man on the street, whether he be a large or small tax payer who won't say, "Yes, the city needs sewerage." Where public sentiment is so united, it should be crystallized in some sort of action. It may not be the best time now to decide, but if not, why not? Of course the improvement will cost money, but it will be invested for the permanent good of the city, and the value of all kinds of property will increase. There is no question but that the city sooner or later will have this much needed improvement. Why not have a little more of the public comfort of life before we go, and why not contribute a little to the comfort and health of the coming generation before that time. It will be quite difficult to take any thing with us, but it won't be difficult to leave a good sewerage system as an underground monument to our memory.

The Gazette invites public discussion on this important question. The paper has no desire to be erratic, or to attempt the impossible, namely, moulding public sentiment against popular will. But the time seems ripe for candid agitation, and with a new council only a month away, it is due them that they should know what the people want, and whether they are ready to act.

Is there any harm in submitting the question to popular vote at the spring election?

CHICAGO'S VICTORY.

The nomination of Judge Haney for mayor of Chicago, is a victory for the republican party. Not a victory over its recognized opponents, the democrats, but a victory over a more subtle and more dangerous foe, the reform element within its own ranks. These reformers, headed by John Harlan, attempted to capture the nomination, but the people wouldn't

have it. Mr. Harlan is a good man, and the people supporting him were good men, many of them too good, because of their radical and impractical reform notions.

It requires more than goodness to be a successful politician, just as it requires something more than honesty to be a successful business man. Judge Haney is such a man as Mr. Harlan and he combines with his goodness the elements of popularity necessary to political success.

If the republican press of the city will give him the cordial support to which he is entitled, and the straight laced reformers will get into line, and be republicans, and not imbecile independents, Judge Haney will defeat Mr. Harrison, the democratic nominee, by a good majority. It is generally admitted that the city government of Chicago is corrupt. Judge Haney recognizes this fact, and promises if elected, to use his best efforts for reformation. He is entitled to the support, not only of a united party, but to the law abiding element in the city, irrespective of party.

Wisconsin people will be interested in the contest for the judge is a Wisconsin product, and a graduate of the state university.

MORE CIVIL SERVICE.

The collector of the New York custom house has recommended the dropping of thirty-one inspectors and two surveyors from the force. The work in this department is to be transferred to some other department. The men, who are mostly President Cleveland's appointees, and protected by civil service, claim that it is simply a political move.

Whatever may be the merits in the case, it is safe to say that if the work is routine work that the force employed are time servers of the pronounced civil service type. If there is any law that ought to be abolished, it is the civil service law, with exceptional cases, where experience is necessary to efficient work. The time will come when a long suffering public will demand the same common sense rules applied to government employees, that apply to all other classes of labor.

The merit system, so much discussed, is a fraud and a humbug. The man at the head of any department, whether public or private, knows more about the merit and worth of an employee, than the best examining board that was ever created, and so long as he is held responsible, common sense would dictate that he, and he alone, should have the right to select and discharge employees. The business world recognizes this right and adopts it in every department. But statesmen of the Grover Cleveland type, discover a better plan, and the public service suffers in consequence.

The letter carriers in Denver a while ago decided that they wanted to establish a half holiday. The law that regulates them provides for so many hours' work per week, and by working a little over time every day, they were able to shut up shop at noon on Saturday. They were working for the government, protected by this civil service farce, and the postmaster was simply a figure head. Denver was without a carrier service on Saturday afternoon, until the people became so disgusted that they took the matter in hand and straightened it out. That's Cleveland's civil service, and the congress in Washington, conversant of this and many other abuses, lacks the courage to denounce it and abolish it.

It is safe to say, without knowing anything about it, that the custom house service is honeycombed with the same sort of nonsense, and the weeding out of a lot of time servers from the New York office, under any sort of a pretext, will be a good thing for the service. The republican party cannot find better employment than regulating this evil, and popular sentiment will endorse any movement in this direction.

WHO PAYS THE TAX?

The closing days of congress, witnessed a victory for the house over the senate, in the adjustment of war revenue taxes. The senate was determined to reduce the tax on beer to \$1.50 per barrel, and in order to do so this and maintain the necessary revenue, the stamp tax and bank checks amounting to about \$7,000,000 must be maintained. The house decided the stamps must come off checks and that beer must pay \$1.60 per barrel. Popular sentiment was behind the decision, and when the amended bill went back to the senate, it was concurred in without much opposition.

In this matter of war revenue there has been a good deal of nonsensical sentiment as to who paid the tax. The law was intended to have telegraph and express companies pay their proportion, but it was so loosely drawn, that these two corporations escaped and the people paid the bill.

As to the tax on beer it is frequently claimed that the brewers paid the tax. That will hardly pass for a reasonable proposition. The cost of beer is determined by the things that go into it, and two of the easiest ingredients to figure is the barrel that contains it, and the revenue stamp that

legalizes it. The tax is very largely divided between the man behind the counter, the retail dealer, and the man in front, the consumer. If the man behind the counter is sharp, and he usually is, he serves a little more froth and a little less beer, and thus the man in front has a chance to pay all the freight.

The people pay the bulk of the war tax, and the people who indulge in the luxuries of either beer or tobacco, have no cause for complaint. If the tax on beer had been left at \$1.35, the action of congress would have been heartily endorsed by the people.

The closing hours of Congress have won laurels for Senator Spooner and he is recognized by his colleagues as a great statesman. Ten days ago an extra session seemed imperative, and would have been had not Senator Spooner come to the rescue, and by rare tact and marked ability, proposed a solution of the vexed questions pertaining to Cuba and the Philippines. His arguments were so terse, and so commendable, that they were heartily endorsed. Wisconsin has occasion to be proud of Senator Spooner, and the state will not be slow to express appreciation, when occasion presents.

The Farson Brothers, Luke and John, are having a merry time in Chicago. Both are Methodists. Luke is interested in a Holiness meeting that is being conducted by some fanatical evangelist on the south side, and offers \$1,000 for fifteen converts in ten days. John belongs to a fanatical church at Oak Park that is already so holy that half the members have been driven out, and the balance can't find a preacher good enough to serve them. John remains with the elect as a thorn in the flesh, and not wanting to be outdone by Luke, offers \$1,000 a piece for conversion of his church brethren to the religion of common sense.

The government printing office at Washington is just completing the index to a civil war record that contains 127 volumes, in which 137,000 plates, weighing 150 tons, are used. The work has been in process for many years and represents an outlay of \$2,750,000. It will adorn the public library as a monument of folly and extravagance, unparalleled in the history of public book making. Some enterprising Yankee will buy the plates after a while and future generations will be able to contract for the work on the installment plan. One hundred and twenty-seven volumes will last ten years at one a month, and will be a good promoter of profanity.

The fact that the two rival Filipino political parties both support the American authority is in itself a pledge of the final attitude of the entire archipelago. Senators Spooner and Hoar have finally fixed the attitude of this government toward the islands for the present.

The Primary law will need a little more political grease before it can be slid off the ways right side up; and if it should be launched, it will cause such a wave of public disapproval as to engulf its promoters.

GENUINE SURPRISE UPON C. D. CHILD

Canton Janesville, No. 9, I. O. O. F.,
Make a Pleasant Visit to the
Home of the ex Alderman.

Last evening C. D. Child was the victim of the ever-present yearning for a good time which is one of the chief characteristics of Canton Janesville, No. 9, the uniform rank of the Independent Order of Odd Fellows. That he was no unwilling victim was evidenced by the cordiality with which he and his hospitable wife welcomed a delegation of his fellow members of the order and their wives when they paid an unbidden visit to Mr. Child's home, 107 South Third street.

The guests assembled at the home of Daniel Brown and proceeded to their destination in a body. There were about fifty in the party and so carefully had they guarded their plans that Mr. Child's surprise was as genuine as it was great.

The evening was devoted to card playing, the telling of stories and a general good time. Later an elaborate supper which the guests had contrived to smuggle in with them, was served and this was by no means the least of a very enjoyable feature of a very pleasant occasion which will long be remembered by all who participated in it.

Mrs. John Kelly and child are the guests of Mrs. Kelly's parents, Dr. and Mrs. J. B. Whiting.

A postal card was received at this office today from S. C. Carr of Milton Junction, from Juarez, Mex. This city is on the line of the Southern Pacific railroad and is just across the river from El Paso, Tex.

John Kelly left Ottawa, Canada on Saturday with fifteen pacers and trotters for Lexington, Ky., where he will train them for the coming racing season. Mr. Kelly will have Charley Herr with a record of 2:07 in his string this season.

Basket Ball Game Postponed
The Alumni High school basketball games which were to have been played at the High school gymnasium tomorrow evening, have been postponed, owing to the fact that the Alumni boys' team is not able to play.

EVENING OF NORSE MUSICAL STUDIES

SCANDINAVIAN SONGS BY MUSICAL-LITERARY SOCIETY.

Biographical Sketches and Selections from the Greatest Composers in That Far Northland—The Next Meeting Will Be Held on Monday Evening, March 11.

Members of the Musical-Literary society enjoyed one of their evenings of music and musical study at Christ church parish house last evening, and despite the strength of the wind and the frigidity of the weather there was a large attendance.

Before the program there was a brief business session at which the president, John G. Rexford, presided and during which Stanley B. Smith, the treasurer, made a financial report of the standing of the society. This report brought out the fact that a large number of both active and associate members have not yet paid their dues. Miss Mamie Hillabrandt was elected to membership in the society.

The subject for the evening's program the announcement of which was made by Mrs. J. F. Sweeney, chairman of the program committee, was Scandinavian music, the biographical sketches and the musical selections being confined to Scandinavian composers and their work.

The program opened with a history of Scandinavian music given by Stanley B. Smith.

The balance of the literary program consisted of concise sketches of Kjerulf and Jensen, written by Mrs. Francis Grant and read by Miss Minnie Menzies, Mrs. Grant not being able to be present.

Eroica No. 3, interpreted on the piano by Miss Marie Paulson and Grieg's "Humoresque" by Miss Alice Petric, both of which numbers were nicely played, contrasted effectively with the dainty selections "Galaten" and "Will o' the Wisp" by Jensen, as played by Mrs. W. T. Sherer in her customary artistic style. A novel feature of the instrumental part of the program and one that was heard with delight was the quartet by Mrs. F. P. Lewis, piano; George Bauman and Oscar Halverson, violins and F. F. Lewis, cello. This number was very fine.

A solo "Alpine Rose" by Sieber, was delightfully sung by Mrs. Clark, Mrs. Mary Stever playing the accompaniment.

Mrs. Christine Hawley sang with rare sympathy "Solveig's Cradle Song" by Grieg and "Brudeta'dan de Hardanger" by Kjerulf in "Norwegian." These selections and Miss Cora Anderson's solo "Hon Skriftoer," sung in Swedish were the gems of the evening. Mrs. Sweeney played the accompaniments.

The program came to a happy closing with "Seoderman's Peasant Wedding March" effectively sung by Miss Cora Anderson, Mrs. Fannie Clark, Frank Smith and Leonard Mathews, with Mrs. Sweeney at the piano.

The next meeting will be held on Monday evening March 11. The subject will be the music of Great Britain.

CULLISS LECTURE AT COURT ST. CHURCH

Delighted Audience Followed Him with Interest as Guided him out to Yellowstone Park.

W. B. Culliss, distinguished traveler and brilliant lecturer, gave the first lecture in the course of five at the Court Street M. E. church last evening. His subject was "Through Yellowstone Park" and a delighted audience followed him with interest as he conducted them among the geysers and terraces, over the lake and up the mountains, giving them glimpses of the picturesque scenery for which our national park has become famous.

Last evening's lecture was preceded by an illustrated song, "Break the News to Mother" and followed by some excellent moving pictures. The subject of tonight's lecture will be "To Lands Across the Sea."

SERIOUS ILLNESS OF JUDGE PATTEN

Mrs. Jessie Wheeler and daughter Eleanor of Boston, Mass., arrived in the city Saturday night on the midnight train and are guests at the home of Mrs. Wheeler's parents, Judge and Mrs. L. F. Patten. Mrs. Wheeler was called here to care for her father who has been seriously ill for the past ten weeks. Saturday a consultation of physicians was held and last evening an effort was made to secure Dr. Fox of Madison for a consultation. Dr. Fox is confined to his home by illness. Judge Patten was somewhat better today and the attending physician hopes for his recovery though he is liable to drop into the everlasting sleep at any time during the course of the illness with which he is frequently taken.

MAY VOTE ON THE SEWERAGE QUESTION

The sewerage question may be brought before the people at the coming election. There has been so much talk of building sewerage of late that the aldermen have about concluded that now is a good time to bring it before the people and let them vote as to whether or not they will build sewers. Two plans are now under consideration. One is to put in sewerage and charge it to the abutting property as is now done in the improvement of the streets. The other is to put in a system and charge the cost to all the property in the city.

The vote will be to get an opinion from the people on the question, so that the aldermen will know where they are at.

DEGREE OF HONOR HOLD A BANQUET

THE HALL AND TABLE DECORATIONS WERE MAGNIFICENT.

Event Was in Honor of the Second Anniversary of the Existence of Laurel Lodge No. 2—The Membership Has Grown Steadily, and Now Reaches 129.

Two years ago Laurel Lodge No. 2, Degree of Honor was organized as auxiliary to Olive Branch Lodge No. 36, A. O. U. W., with a small but very enthusiastic membership. The growth of the local auxiliary has been a steady one until its membership roll now includes 129 names.

In honor of having completed the second year of its existence with such success members of the lodge and their husbands enjoyed an anniversary banquet at East Side Odd Fellows' hall last evening.

There have been many excellent spreads served in this dining hall in times gone by but never did the room present so attractive an appearance. The plan of decoration was most artistic both in conception and execution. A distinct color scheme was carried out in the arrangement of the four tables at which the guests were seated.

All the tables the same general decorative idea was used. Through the center of each table lighted candles rising out of fancy crepe tissue paper bases alternated with sugar bowls covered with the same material and in the center of the line stood a banquet lamp crowned by a fancy shade.

At each table were souvenir cards tied with dainty ribbon and paper baskets in which the saffron peas were served. Thus the tables were alike save in color. One was in pink and the others in red, green and yellow. From the corners of each table to the chandeliers were festooned broad bands of pink crepe paper fastened with trailing sprays of smilax, pink being the color of the lodge.

Mrs. J. H. Huntress and Mrs. C. J. Shottle presided at the pink table; Mrs. G. J. Hans and Miss Della Buob at the green table; Mrs. R. E. Winbiger and Miss Eda Buchholz at the yellow table, and Mrs. E. M. Lloyd and Miss Jessie Dodge at the red table. The ladies all wore collars and had rosettes in their hair corresponding to their table decorations. Mrs. R. W. Dodge and Miss Lillian Buob assisted at the doors.

But the banquet did not consist entirely of decorations. There were good things to eat and plenty of them, the following being the:

Menu.
Creamed Potatoes Buttered Rolls
Ham Deviled Eggs Tongue
Pickles Salads Olives
Salted Peanuts Coffee
Devil Food White Cake
Fruit Jelly

During the service of the banquet excellent music was discoursed by the Orpheus Mandolin orchestra which was stationed behind screens. Covers were laid for seventy-eight people but over 150 were served. Both before and after the banquet a jolly social time was enjoyed in the lodge rooms.

The great success of the entire affair was due to the careful systematic arrangements and the incessant labors of the efficient committee, which consisted of Mrs. J. H. Huntress, chairman; Mrs. G. J. Hans, Mrs. Schottle, Mrs. R. E. Winbiger and Mrs. E. M. Lloyd.

BELOIT COUNCIL TOOK NO ACTION

Citizens of the Twilight City Still Figuring on the Electric Road Proposition.

No action was taken by the Beloit common council at their meeting in regard to granting a franchise for an electric road. They have two companies in the field both of whom have applied for a franchise. The Beloit, Delavan Lake and Janesville line and the Rock River Electric Railway Company are both anxious to secure the franchise and both claim to be in a position to build urban and interurban roads. The council adjourned until Thursday night when the matter will be taken up again.

Mr. Frawley of the Rock River Electric Railway company claims that he has an option on the Janesville street railway company and that he has had it for six weeks. The Beloit papers say that he has the papers in his pocket to show that he has the option, but do not say that he has showed them to any one. The Janesville papers said that Supt. Hurd of the Janesville Street railway said: "That if Mr. Frawley had an option on the road he knew nothing of it and he would be liable to."

As far as Janesville is concerned it would make no difference who builds the interurban road as long as some one builds it. The people of this city realize that it would be a good thing in many ways and are anxious to have one built.

Mr. Frawley said to the Beloit press reporter:

"If the people here, through their council, will formulate a plan setting forth just what they want we stand ready to compete with others for a franchise on that basis. We have the capital to build all the interurban lines and urban lines too that Beloit demands."

"Indeed we have fully arranged to build to Janesville at once."

PUNY CHILDREN

TOO MANY OF THEM DIE.

Their Little Bodies Unable to Stand the Ordeal of Development.

WE THINK EVERY MOTHER IN THIS TOWN SHOULD KNOW ABOUT VINOL.

It is the Delicious Tonic We Advise for Growing Children.

Is your boy or girl pale and listless? Do they act differently from other children? Do they sleep poorly and eat poorly? Does your boy avoid the sports and games of other boys? Does your girl complain of headache and find her studies a hardship?

If so, you may make up your mind they are growing too fast. They need something to help nature in her great work of furnishing the necessary elements for creating flesh and muscle tissue, bone structure and rich, pure, red blood.

They need a tonic in the full sense of the word and we can tell you what to get.

It is Vinol Wine of Cod-Liver Oil, the great modern reconstructer. Children like it, it is so delicious to the taste, in spite of the fact that it contains a highly concentrated extract of the medicinal principles that are found in cod-liver oil.

But because the vile-smelling and disgusting grease has been discarded and all of the other disagreeable features eliminated, the benefits of Vinol are easily understood.

Vinol acts favorably on the stomach, creates an appetite and enables the food that is eaten to do the greatest possible amount of good.

Following is a letter that bears directly on this subject:

"I was all run down and took Vinol. It did me so much good and it was so pleasant to take that I gave it to my children. They were growing fast and needed something in the way of a tonic and I found it to be just the thing for them."—SARAH PICKERING, 1032 Fall River, Mass.

We cordially invite mothers interested in the welfare of their children, as well as any one else needing a sure, safe and delicious tonic, re-builder and rejuvenator, to call on us. We will gladly tell you all we know about Vinol and why we so highly endorse it.

Inasmuch as we are always ready and pleased to refund the cost of Vinol to those who don't find it exactly what we claim it to be, it will be seen that we are prepared to substantially endorse our claims for the excellence of this marvelous preparation.

STEEL CONCERNS FALL IN LINE

Reinforced Directors Slowly Come Under Influence of J. Pierpont Morgan.

New York, March 4.—The directors of the various companies concerned in the Morgan steel combine are gradually wheeling into line behind the big juggernaut.

Chairman Porter stated today that the directors of the Federal Steel company have informally considered the proposition made by Mr. Morgan, and all have practically decided to accept the terms offered. This, coming on the heels of the submission of Gates, has done much to clear the atmosphere about Mr. Morgan's desk.

President Gates of the American Steel and Wire company said today that the directors of his company had also agreed to accept Mr. Morgan's terms. It was learned that this decision was not reached until the matter had been discussed heatedly and at great length. Mr. Gates, perceiving the futility of opposing, used his influence with the directors and succeeded in getting them into line.

The statement came from inside sources that the companies now in accord with Mr. Morgan had prepared printed circulars, which would be sent out to all shareholders. The shareholders are asked individually and collectively to accept Mr. Morgan's terms.

CUBANS AWAITING ACTION.

Say they Will Not Agree to Scheme of Relations.

Havana, March 4.—Senor Capote, president of the constitutional convention, saw Governor General Wood in the morning and informed him that the convention felt itself in an embarrassing position owing to the vote in the United States senate. He said the delegates had not decided whether to continue the sessions or to dissolve. General Wood advised him to urge the convention not to take any rash action, but to complete its work as originally outlined.

In the afternoon the delegates held an informal meeting and agreed to wait for further action on the Cuban amendments.

Several delegates on hearing that congress had adopted amendments, said this would not affect the attitude of the convention, as its members would not agree to the scheme of relations suggested in the amendments.

An Englishman's Will.

An Englishman who recently died had three children, one son and two daughters, and he mentioned all of them in his will. The first clause is, "I leave my piano to Mary Elizabeth, when Arthur has done with it." The other clause is, "To Susan Jane—she may take whatever Arthur wishes to give to her." There is no doubt of Arthur's standing in the document, but the pointed question is raised, "Are Mary Elizabeth and Susan Jane beneficiaries under the will?"

PERSONALS.

Mrs. E. P. Green has recovered from an attack of the grip at Canasera, N. Y., by the use of Dr. Miles' Pain Pills.

Among the victims of the grip epidemic now so prevalent, F. Coyle is recovering at Canton, O., by the use of Dr. Miles' Nerve and Liver Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip, at her home in Bay City, Mich., through the use of Dr. Miles' Nerve and Liver Pills.

Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nerve and Liver Pills was what cured him.

At nearly three score and ten Mrs. Galen Humphrey was fighting against odds when the grip attacked her, but she took Dr. Miles' Nerve and Liver Pills and now her neighbors at Wareham, Mass., remark on how well she is looking.

Prosecuting Attorney Charles L. De Waele, who has passed the three-score mile stone, had a time with the grip; but when seen at his home in Roscommon, Mich., the other day, he said Dr. Miles' Nerve and Liver Pills was what cured him.

After an illness of five weeks from the grip, Mrs. Harriet Jackson is again about and looking fine. She began taking Dr. Miles' Nerve and Liver Pills after the fourth week. Her home is in Bowling Green, Mo.

Mrs. E. I. Masters, at her home in Monitor, Ind., used Dr. Miles' Nerve and Liver Pills to cure after effects of grip.

Mrs. A. E. Lopeer, in the little town of Modella, Minn., used Dr. Miles' Pain Pills and Nerve and Liver Pills and was well in a few days.

President McKinley is slowly recovering from grip and its after effects. George J. Flannery was relieved of the awful pains in his head in fifteen minutes, by the use of Dr. Miles' Pain Pills. Now he is rapidly recovering at his home in Buffalo, N. Y.

Speaker Henderson is again in his chair in the House of Representatives after a severe attack of the grip.

J. C. Helfrey, foreman of the Westinghouse factory in East Pittsburgh, had a severe attack of grip, but he used Dr. Miles' Nerve and Liver Pills and was soon back in his place.

REGULAR SESSION OF CITY COUNCIL

City Treasurer and Municipal Court Report for February Received—

The Proceedings in Detail.

No business of special importance was transacted at the special meeting of the common council held last evening. All of the Aldermen were present except Valentine and Judd.

The city treasurer's report for the month of February was referred to the finance committee who later pronounced it correct and it was placed on file. The municipal court report for the month of February was referred to the judiciary committee who later placed it on file.

The claim of Anna Zastoni for \$5,000 damages on account of injuries received by her from a fall on a sidewalk on Western avenue, March 5, 1900, was referred to the judiciary committee, who asked for more time which was granted.

The claim of John McCarthy was referred to the judiciary committee who were granted further time to report.

The bond of John C. Karber was reported correct and a license to run a saloon was granted him. William Heise was given permission to transfer his saloon license to Karber.

The application of M. D. Taylor for a building permit was granted. The application of James Shearer to repair and reshingle the frame building at 61 South River street was held open for further consideration. The petition of the board of education to have the Jefferson school connected with the proposed sewer on South Third street was referred to the sewerage committee who asked for more time, which was granted.

An order was presented instructing the city engineer to establish a new grade for a sidewalk on the north side of Milwaukee street between Main street and the bridge. The matter was referred to the highway committee.

The Janesville water company was ordered to lay a main on South Franklin street with hydrants located at points to be fixed by the committee.

An order was presented notifying the Janesville & Southeastern railway company to provide drainage on the north side of Eastern avenue and east of its right of way within ten days. In case they fail to do this the city attorney is to institute proceedings against them.

The question of having the Janesville & Southeastern provide a flagman for their crossing on Center avenue at the end of Monterey bridge was discussed, but no definite action was taken. The railroad company have erected an electrical appliance which works automatically when a train is coming and sounds an alarm on a gong. It is thought by many that this would be no protection to the numerous school children from the School for the Blind that have to cross the track every day and that a man should be stationed there at all times to watch the crossing.

Mrs. C. E. VanDeusen of Kilbourn City, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These tablets are for sale at People's drugstore & King's Pharmacy. Price, 25 cents. Samples free.

REVELRY AT THE INAUGURATION BALL

(Continued From Page 1.)

were two rows of open feather stitching.

With the gown was worn a petticoat of white silk and a pair of exquisite shoes made of white satin embroidered with pearls on their vamps to correspond with the design on the dress.

Jewels and Flowers.

Mrs. McKinley seldom appears with many jewels, but on this occasion she made an exception. She wore a magnificent diamond necklace which was the president's gift three Christmases ago, while her corsage was ablaze with stick pins, crescents and other diamond pendants.

The throng that watched the presidential party was not divided into three crowds by the great pillars as at the last inaugural ball. The design was so simple that from end to end of the room each individual felt a participation in a festive occasion. The president bowed his gratitude and the ball was resumed.

Then the president held for a half hour a reception in his loggia. The diplomats and the dignitaries of the land came to pay their respects. The concert continued.

Enthusiasm is Shown.

The dancing became general in that part of the hall floored for that purpose,

but now and then a couple would trip a measure over the smooth tiles in the western portion of the hall. The departure of the presidential party at 11 o'clock was the signal for more expressions of enthusiasm on the part of the vast concourse, and then the dancing and the supper became the serious business of the occasion.

Mrs. Roosevelt's Costume.

Mrs. Theodore Roosevelt, now the second lady of the land, wore a gown of white silk, simply made and presenting a most beautiful and becoming effect. The long, fan-shaped train was finished with a deep flounce of chantilly lace. The front panels were devoid of any trimming except at the hem, where a soft rose quilling added to the effect. The bodice was veiled in rose point and tiny loops of satin ribbons, with purple and white violets caught by pearl buckles. She wore a diamond necklace and a magnificent crescent of diamonds, which held a white aigrette in her hair.

Miss Roosevelt's Debut.

Miss Alice Roosevelt, the eldest daughter of the vice president, who made her formal appearance in society on this occasion, presented a graceful and girlish appearance in white Mousseline de soie, trimmed with chiffon and white lace. She carried American beauty roses.
